Requested Translation of an Article in Finnish Newspaper Uusi Suomi,
6 March 1954.

1. Attached is a copy of a request recently received for a translation of an article based on a statement by Ville Pessi, Secretary General of the Finnish Communist Party.

2. We would appreciate receiving from you as soon as possible a full translation of the subject article. As the request has been presented through IWG from FOA/MDAC reasonably prompt action on our part is necessary.

3. It is our understanding that the second part of the request, namely for a determination of the validity and accuracy of the reported statement by Ville Pessi is not within your scope of operations and it will therefore be handled independently by this Division.

Thank you in advance for your early attention to this request.
